

Recruiting Research Participants

For a research study designed to address decision making regarding treatment options for cutaneous vascular lesions

Participation Includes:

- 5-minute eligibility survey
- 20-45 minute interview via Zoom
- Gift card provided for participation
 - \$20 gift card for parent/guardians/adults who participate
 - \$15 gift card for children who participate

- Do you or your child have a hemangioma, port-wine birthmark or other cutaneous vascular lesion?
- Did you see a doctor to talk about treatment options for the birthmark?

If so, you or your child may be eligible to participate in this research study!
